

BOAT / RV CANOPY SYSTEM

SHADECASTER

Stylish open-air Boat and RV canopy coverage made simple

Quick!

Ready-made permit drawings for most of the country can be delivered in 10 days and material ready for installation within 4 weeks.

Easy!

The construction schedule is simplified since the steel subcontractor does not have to be on site while the concrete subcontractor pours the footings.

Clean!

Clean finish for maximum parking square footage for both straight and 60 degree angled implementations.

Scalable!

Modular design is engineered with 4-18 bays and up to 32 space and easily configured to best suit property.

Sustainable!

Made from 100% recycled materials with optional solar panel designs, the canopy extends the useful life and cost of ownership.

7.2 (36" Coverage)

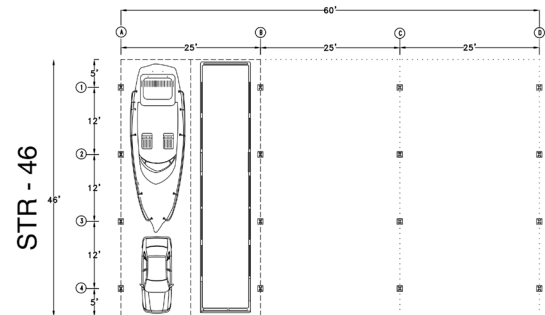

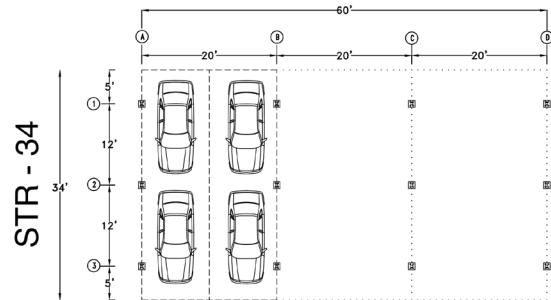

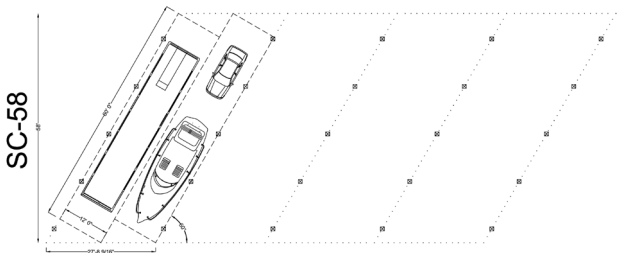

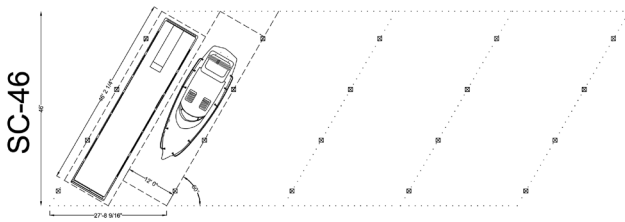

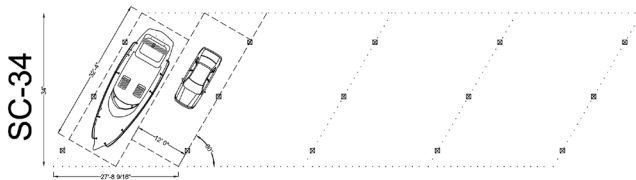

Design Criteria (Standard)

Stamped by Registered Professional Engineer
 Wind Load: 105 mph
 Ground Snow Load: 10 psf
 12 ga 57 KSI Galvanized Framing
 26 ga Galvanized Exposed Fastener Roof

60 Degree Bay Options			
Depth 34' ~ 82'	Length 110' ~ 388'	Bays 4 ~ 14	Spaces 8 ~ 28

Starlight Bay Options			
Depth 34' ~ 46'	Length 105' ~ 405'	Bays 4 ~ 16	Spaces 8 ~ 32
